L'ESTETICA SENZA TEMPO DEL MARMO

L'ESTETICA SENZA TEMPO DEL MARMO

Un'approfondita ricerca materica ed estetica, al fine di riprodurre le sensazioni delle superfici dei marmi pregiati di cava, dà origine a superfici di grande profondità e luminosità.

La tecnologia di decorazione digitale è riuscita a sviluppare cromie e sfumature tipiche dei marmi più classici, riproducendone la caratteristica variabilità. Ricerca, gusto raffinato, design originale per la proposta decorativa ispirata all'opera di un grande architetto si fondono, ancora una volta, armoniosamente insieme.

L'estetica senza tempo del marmo e delle sue venature riemerge sulla superficie ceramica per ridefinire una sobria e rassicurante classicità.

DIE ZEITLOSE ÄSTHETIK VON MARMOR

Die intensive Forschungs- und Entwicklungsarbeit im Bereich der Materialien und Ästhetik sorgte hier dafür, dass der ästhetische Eindruck der Oberfläche von kostbarem Marmor aus dem Steinbruch naturgetreu nachgebildet wird, so dass Oberflächen von großer Tiefe und schönem Glanz entstehen.

Dank der digitalen Dekorationstechnik ist es gelungen, die typischen Farben und Schattierungen von klassischem Marmor zu entwickeln und deren charakteristische Variabilität genau nachzuahmen. Forschung, edler Geschmack, originelles Design für Dekore, für die die Arbeiten eines großen Architekten Pate standen, verschmelzen wieder einmal harmonisch miteinander.

Die zeitlose Ästhetik des Marmors und seiner Äderungen erscheint auf der Keramikoberfläche und definiert die Schlichtheit und den beruhigenden Charakter des klassischen Stils neu.

THE TIMELESS BEAUTY OF MARBLE

In-depth research into materials and visual effects to reproduce the sensations of precious quarry marble surfaces, bringing life to surfaces with great depth and luminosity.

The digital decoration technology has successfully developed the typical colours and shading of the most classic marbles, reproducing their characteristic variability.

Research, sophisticated taste and original design for this range of decorations inspired by the work of a great architect, blending harmoniously together once again. The timeless beauty of marble and its veining reappear on the ceramic surface to redefine an understated, reassuring classic.

L'ESTHÉTIQUE ATEMPORELLE DU MARBRE

Une recherche approfondie sur la matière et l'esthétique, dans le but de reproduire les sensations des surfaces des marbres précieux de carrière, donne naissance à des surfaces d'une grande profondeur et luminosité.

La technologie de décoration numérique a réussi à développer des coloris et des nuances typiques des marbres les plus classiques, en en reproduisant la variabilité caractéristique.

Recherche, goût raffiné et design original, pour la proposition décorative qui s'inspire de l'œuvre d'un grand architecte, s'entrelacent, une fois encore, avec harmonie.

L'esthétique atemporelle du marbre et de ses veines réapparaît sur la surface céramique pour redéfinir un classicisme sobre et rassurant.

La finitura Levigata è indicata anche per pavimenti, ma soltanto in aree soggette a calpestio da traffico ordinario, protette da agenti abrasivi, in cui è già avvenuto un primo scarico di sporco normale tramite scale, preingressi, zerbini.

The Polished finish is also suitable for floors, but only in areas subject to ordinary traffic, protected by abrasive agents, in which normal dirt has already been left behind on stairs, areas before the entrance, doormats, etc.

Die polierte Oberflächenausführung ist auch für Fußböden geeignet, aber nur in Bereichen mit normaler Trittbelastung, die vor scheuernden Substanzen geschützt sind, in denen bereits der erste gewöhnliche Schmutz auf Treppen, in Vorräumen oder auf Fußmatten abgeladen wurde.

La finition Poliè est indiquée pour les sols aussi, mais uniquement dans des zones soumises à un piétinement courant et protégées par des agents abrasifs, où a déjà eu lieu un premier dépôt de saleté normale par le biais d'escaliers, de seuils d'entrée et de paillassons.
